### Workshop on “*Cognitive Skills, Design thinking and Critical Thinking*”

( 20<sup>th</sup> March , 2019)

Maharaja Surajmal Institute of Technology, IIC has organized a Workshop on the topic “Cognitive Skills, Design thinking and Critical Thinking” on 20<sup>th</sup> March, 2019. The workshop was sponsored by Maharaja Surajmal Institute of Technology. It was a half day workshop having two sessions from 11am to 12:30pm and 12:30pm to 2:00pm. The resource persons were invited from DRDO, New Delhi. The first session was conducted by Dr. Greeshma, DRDO, New Delhi, who delivered a talk on basic concept of Cognitive Skills and its significance in our daily life. Dr. Sushil Chandra, Scientist G, DRDO, New Delhi, a renowned person in the field of Cognitive Science, conducted the second session. Dr. Sushil Chandra introduced the audience to the upcoming research in the field of Cognitive skills, Design thinking and critical thinking. He also mentioned various ways to improve the cognitive ability and thinking in human beings and technical aspects of cognitive skills.

The workshop was organized by Dr. Sudesh Pahal (Convener, IIC) and Dr. Neeru Rathee (Member, IIC). The faculty members and students of the institute, who attended the workshop, will surely get benefitted by the knowledge shared by the speakers. Finally, Prof. K.P. Chaudhary, Director, MSIT, gave a vote of thanks to the respected speakers and audience.
