CODE VARTALAP

Conducted by: IEEE MSIT Computer Society

Date: 9/16/2019

For: Freshman and Sophomore year students of all branches

The event was focused on giving students an introduction to Technical World of Computer Science. Students were introduced with different domains and fields to pursue in the field and an overview of them to create a path for them. They were told about the benefits of taking IEEE CS membership and how it could help them in their professional and daily life. Attendees were also told about what problems they could face in their college life and how to pursue those problems. The event was concluded by giving students information about different contests and hackathons and advised them to take part in them with full enthusiasm.

Speakers:

Mr Brayan Abraham - Surviving college 101

Mr JatinBindra, 4th Year MSIT and Mr Aditya Gupta, 3rd Year MSIT – IEEE CS Benefits

Ms Yukti Mohan, 3rd Year MSIT - Domains and Career in CS

Mr Abhishek Parashar, 3rd Year MSIT - Contests and Hackathons
