

Report: Rally for a Crackers free Diwali

The team of Prakriti MSIT along with many other volunteers conducted a campus-wide rally on the occasion of Diwali to educate the students and everyone around about the harms of bursting crackers while celebrating Diwali. The students chanted slogans encouraging others to celebrate a Crackers free Diwali.

The Rally took place on Friday, 25th October 2019. Many students who are not a part of Prakriti MSIT also joined in support of the rally and took the opportunity to inspire others to celebrate Diwali even without the deadly smoke of the crackers.

All the students were dressed in Ethnic-wear to celebrate and enjoy with their peers on the special occasion of Diwali. They enthusiastically marched around campus and spread awareness on how they will be celebrating a crackers free Diwali and how everyone else should too.

Prakriti MSIT and its team take the pollution and environmental changes happening around the globe very seriously, especially the depleting Air Quality Index which is observed right after Diwali.

In the end, the team believes they had a positive impact on those who participated in the Rally and those who witnessed it. The team of Prakriti MSIT looks forward to organizing many such inspiring rallies in the future.
