

# 1. Webinar on “Journey of Cracking Top Giant Companies”

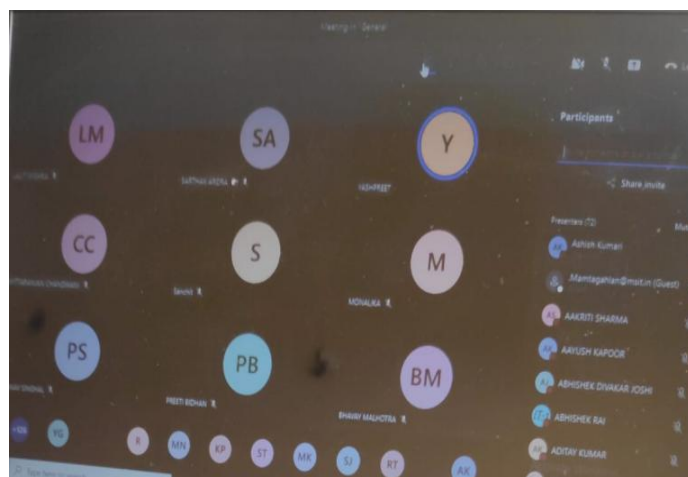

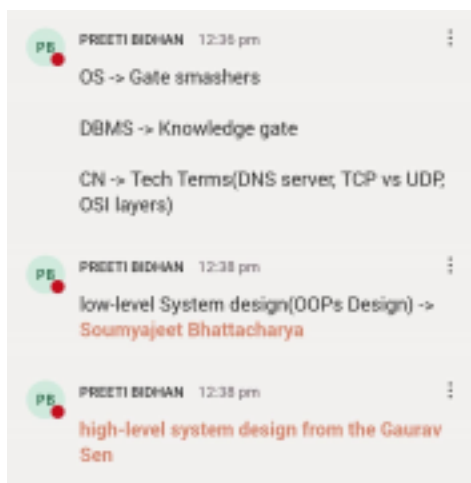

**Participants- 87**

**Dated: June 12<sup>th</sup> 2021**

The webinar was delivered by Ms. Preeti Bidhan and Mr. Yashpreet.

A webinar on “Journey of Cracking Top Giant Companies” was conducted by the Department of Information Technology. The webinar speakers were final-year students of the IT Department(M) at Maharaja Surajmal Institute of Technology, placed in MICROSOFT.

As the webinar began, they started with their tips on preparing for the interviews and shared the correct path they followed. Then, the speakers shared their experiences and as it was an interactive session. Further, the speakers answered all the questions which the students asked. The webinar was very informative as both speakers shared their experiences from how they came to know about programming, participating in online coding contests, and up solving the questions to struggles faced in various interview rounds of different companies.

## 2. Webinar on “The Power of Positive Thinking”

Participants- 64

Dated: June 13<sup>th</sup>, 2021

The webinar was delivered by Ms. BK Kamala

Institute of Technology, Delhi did not fail to provide its students with an opportunity to teach about “The Power of Positive Thinking.”

BK Kamala Ji discussed the essence and cosmic definition of “MANN KI SHAKTI,” the Centre of our forehead, the Centre of all our thoughts. She described the four kinds of thought we experience, positive, negative, responsible, and Waste thoughts. People with positive thinking are generally empowered to act and achieve their goals. On the contrary, negative thinking can paralyze us, bringing fears and doubts and preventing us from taking the actions that can get us closer to our goals. It is essential to recognize those negative thoughts and not bury them as they unconsciously impact our actions. That negative thinking is limiting or eliminating the possibilities one can have. Those negative thoughts are also important information for an individual and their coach. In conclusion, the webinar was about the internal power of human beings to pay attention to our mind by getting in touch with our “Antaric Shaktiyan.” By nourishing our minds and giving it the care, it deserves.

### 3. Webinar on “Roadmap to Big Tech Companies”

Participants- 161

Dated: June 19<sup>th</sup>, 2021

The speakers Ms. Preeti Bidhan and Mr. Yashpreet, are final year students of the IT Department(M) at Maharaja Surajmal Institute of Technology, placed in MICROSOFT on package 42 LPA.

The Department of Information Technology conducted a webinar on the roadmap to top tech companies. The speakers were the highest package achievers of MSITians. They emphasized learning data structures and algorithms and practicing on platforms like CodeChef and CodeForces. They shared their overall experiences and tried to cover the doubts of each attendee. The speakers answered all the queries of students. They also shared insights on web development and projects that the students can do. The speakers gave various tips like focusing on the basics, up-solving the questions after giving contests, and other essential things to be taken care of while giving interviews. It was a fantastic session as students got a clearer understanding of what path they need to follow.
