

Report

IEEE PES MSIT and IEEE PES-IAS Delhi Section, in association with department of Electrical and Electronics Engineering has organized a webinar on the topic “Basics of Power System Resilience & its Importance Globally” on September 4, 2021. Mr. Chandan Kumar (Manager of System Study and Reliability Eastern Regional Load Despatch Centre in Kolkata POSOCO, MIEEE, and MIEEE-PES) was the speaker. The Speaker explained the history of POSOCO, Grid System, Generation, Transmission and Distribution of power and different faults of power Systems.

The interactive webinar was a great success and was attended by 100+ people, the students put forward their questions to the speaker enthusiastically and got them all answered. The webinar was ended with the vote of thanks by Dr. Jyoti Jain, Chapter Advisor of IEEE PES MSIT and Treasurer of IEEE PES- IAS DELHI Chapter. The webinar proved to be a huge benefit for the students and was highly appreciated by everyone.

The poster features a background image of a power transmission tower against a sunset sky. It includes the IEEE MSIT logo in the top left and the IEEE PES logo in the top right. The text on the poster reads: 'IEEE PES- IAS Delhi Chapter and IEEE PES MSIT present', 'Basics of Power System Resilience and its importance globally', '4th September, 2021', '11:00 AM IST', 'Google Meet', 'Mr. Chandan Kumar', 'Manager, System Study and Reliability Eastern Regional Load Despatch Centre (Kolkata) POSOCO, MIEEE, MCIGRE, MIEEE-PES', and a QR code with the registration link 'bit.ly/PES_4SEPT'.

Chandan Kumar is presenting

Institutional Arrangement सं कहां है?

Policy Making	Central Government	State Government	State
Regulation	Central Electricity Regulatory Commission	State Electricity Regulatory Commission	State
System Operators	National Grid Dispatch Centre	Regional Grid Dispatch Centre	State
Generation	Central Generating Station	State Generating Station	Private Sector Public
Transmission	Central Transmission Utility	State Transmission Utility	Regional
Distribution	State Utility Distribution Company	Private Utility Distribution Company	Regional
Markets	Trading Exchanges	Power Exchanges	Merchant Market

Note: 'Who' and 'Where' between the administrative, planning & operations on one end and physical system and market players on the other end
