Subject: Invitation to training session: ASPP Online and POP Online training session for Maharaja Surajmal Institute of Technology, New Delhi on Friday, October 23, 2020 at 2:00 pm
To: anupama@msit.in <anupama@msit.in>

Dear Madam,

Kindly find below link and other details for IEEE (ASPP Online and POP Online) training for all the users of Maharaja Surajmal Institute of Technology, New Delhi. User manual about, how to join an online WebEx session is also attached with this mail. Below link will be good for anyone who wants to attend the session. Total session duration will be of 50 minutes.

Also requesting you to forward this mail or Link with all users of your IT department as well as others from Maharaja Surajmal Institute of Technology, New Delhi from your end. Anyone who wish to join the session, he or she can do the same after registering with the below link. **To join this training session in your Mobile/Smart Phones, you need to download WebEx App in advance.**

Topic: ASPP Online and POP Online training session for Maharaja Surajmal Institute of Technology, New Delhi
Host: Ritesh Kumar
Date: Friday, October 23, 2020
Time: 2:00 pm, India Time (Mumbai, GMT+05:30)
Session Number: Not Available
Registration password: This session does not require a registration password.

To register for this training session

Go to <https://ebsco-india.webex.com/ebsco-india/k2/j.php?MTID=t9cf6c77389abb33e21e8a8f2753fa044> and register.

Once you are approved by the host, you will receive a confirmation email with instructions for joining the session.

For assistance

You can contact Ritesh Kumar at:
rkumar@ebsco.com

Dear Sir/Madam/Member of IEEE/ Member of PES,

It's with great pleasure and pride, that IEEE PES Student branch & Department of pElectrical and Electronics Engineering of Maharaja Surajmal Institute of Technology, Delhi in association with Pantech launches the PANTECH - E BYTES 2020 - A LIVE Webinar session on **"Applications of Artificial Intelligence in Power Grid Systems"**

Live knowledge sharing sessions by industry experts on the latest and trending skills and technologies. AI is the science of automating intelligent behaviors presently accomplish-able by a computer interfaced with machines. Real world problems in generation, transmission, and distribution of electricity can be fed to the AI technologies to find the solutions.

This One Hour session will provide the participants with an insight into the latest in AI for power grid applications and bridging the gap between an Industry and Academia.

Proposal

Department of ECE is planning to arrange an expert lecture for ECE students on February 25, 2020. Dr. S.K. Dubey (Scientist, Apex Level Standards & Industrial Metrology, NPL, Delhi) has consented to deliver the lecture on the topic of 'Microwave Measurements: Interdisciplinary Area'

Dr S.K. Dubey has joined National Institute of Technology Rapur (C.G.) as Assistant Professor in 2008. He served Institute for Plasma Research as Post doctoral fellow for a year during 2009-2010 in microwave diagnostic group. Again he joined National Aerospace Laboratories, Bangalore as scientist fellow in computational electromagnetic group founded by eminent scientist Late Dr. R. M. Jha. He joined National Physical Laboratory, New Delhi as Scientist in Microwave activity. He has guided more than 30 M. Tech students and 6 Ph. D. Scholars. He has published one Book on Precision Microwave Measurement in Springer Nature along with 75 research papers in different international journals and conference proceedings with h- index 8 and i- index 7. His current area of research is biological effect of EM radiations, Electromagnetic Induced transparency, E-field Probes and sensors, SAR probes, microstrip antenna, millimeter wave, and computational modelling of biological tissue in EM radiations. He has been awarded **URSI Young Scientist Award** at 2nd URSI AT-RASC, Gran Canaria, Spain for his work on uncertainty evaluation in quantum system in April 2018.

It is proposed to pay him an honorarium of Rs.3000/- and a conveyance allowance of Rs. 1000/-. It is therefore requested to approve an expenditure of Rs. 4000/-.

Subject: Proposal for organising a Mental Healthcare Seminar at MSIT

Respected Sir,

ECE Evening department would like to organise a Mental Healthcare Seminar on 14th October, 2019 in 406 seminar hall for ECE-E, CSE-E, IT-E (3rd year) students.

We would like to organise an hour session on the above said which would include the following benefits:

- Handle placement pressure
- Learning how to make healthy relation with their fellow mates
- Make good life choices
- Maintain physical health and wealth being

We would like to invite Mr. Vir Philip as the guest speaker. Mr. Vir Philip is a very prominent youth mentor & trainer, who has been part of various organization like CanSupport, Rotary, MUNs etc. He is also a passionate Rotarian & Rotaractor with an experience of 14 years, where he had served at various positions like DRR in R.Y. 2011-12, DRCC in R.Y 2014— 15 - 2016, Youth Co- Chair in 2017-18 & currently serving as a Vice President of Rotary Club of New Delhi of RID 3011.

Since large number of students are going through recruitment pressure, thus this session will help them learn situation handling with courage in professional as well personal life.

Kindly grant us permission to organize this seminar in #406 and use the projector, mics, and speakers of the hall.

Yours sincerely

(Jasmine Chhikara)

Department of Electrical and Electronics Engineering

Proposal

Department of EEE in association with IEEE PES chapter is planning to arrange an expert lecture for EEE students on October 17, 2019. Dr. G. Bhuvaneshwari (Prof., EE Deptt., IIT, Delhi) has consented to deliver the lecture on the topic of 'D.C to D.C Converters'.

Dr. G. Bhuvaneshwari was with the College of Engineering and Commonwealth Edison, Chicago, IL, USA, before joining the Indian Institute of Technology Delhi as a Faculty Member. She has authored more than 150 papers published in various international and national journals and conference proceedings and has more than 25 years of professional experience. Her research interests include power electronics and application areas, such as electrical machine drives, power conditioning, power quality, power supplies, renewable energy, high-voltage direct current, and flexible ac transmission systems.

It is proposed to pay her an honorarium of Rs.4000/- and a conveyance allowance of Rs. 1000/-. It is therefore requested to approve an expenditure of Rs. 5000/-.

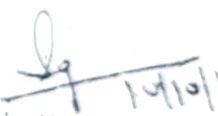

IEEE PES chapter will reimburse Rs 3500/- towards the honorarium of speaker after submission of the bills and the department will bear the remaining expenditure of Rs 1500/-.

Subject: CareerLabs Webinar | MSIT | 20th August | Profile Building | ZOOM
To: <soniagoel@msit.in>

Hello Mam,

Greetings of the day!

As discussed, I am sharing the collateral of the webinar. This link of ZOOM is for 3rd and final year students for the webinar o this information with all 3rd year and final year engineering students of the EEE Department so that we can get the maximum go through the link given in the signature.

Date: Friday, 20th August

Time: 11:30 AM

Department of Electrical and Electronics Engineering

Proposal

It is proposed to arrange an expert lecture for EEE students on September 7, 2019. Department will organize this lecture in association with IEEE PES chapter. Mr. Naveen Kumar (Asstt. Manager, Technical), State Load Dispatch Centre (SLDC), Delhi has consented to deliver a lecture on the topic of 'Integrated Operation of Power System in Delhi'. SLDC ensures the integrated operation of power system, and is responsible for optimum scheduling and dispatch of electricity in Delhi. State Grid operations, real time monitoring and management of system are managed by SLDC.

It is also proposed to pay him an honorarium of Rs. 3000/- and a conveyance allowance of Rs. 1000/-. An additional expenditure of Rs. 500/- is expected for light refreshment. It is therefore requested to approve an expenditure of Rs. 4500/-.

IEEE PES chapter will reimburse Rs. 3500/- towards honorarium and conveyance allowance of the speaker later on after submission of the bills.

M. Meena Tushir
(Dr. Meena Tushir)
HOD, EEE Deptt.

Jyoti Jain
Ms. Jyoti Jain
IEEE PES chapter advisor

Soma Goel
Ms. Soma Goel
Asstt. Prof (EEE)

K.P. Choudhary
(Dr. K.P. Choudhary)
Director, MSTT

This lecture will be beneficial for our st. Rs. 3500/- will be debited from IEEE account and only Rs. 1000/- will be taken MSTT account.

Cc: <Akshita@futureicons.co.in>

Dear Ma'am,

With reference to our meeting today i.e 14 August 2019 with respect to AICTE's initiative on soft skills. We shall start from 19th August as discussed and communicated. The soft skills workshop will be held 6 days a week for 4 weeks. The online soft skills training program will be covering 4 topics in 4 weeks.

The 4 topics are as follows:
Week 1: Communication
Week 2: Change Management
Week 3: Leadership
Week 4: Self Awareness

The session will be held for 2 hours for 2 different batches of 25 students each. The timings as discussed will be 10 am-12 noon and 1:30 pm-3:30 pm.
We will require names, enrollment numbers, e-mail ids and mobile numbers of the participating students as early as possible for creating logins.

Your suggestions and inputs are welcome.

Thanks and Regards
Shivangi Dhanda

Head of Communications

NOTE

Dated: Oct 10, 2019

The Department of Applied Science 2nd shift has organized an expert lecture on the topic "Single Atomic Layer based Semiconductor Devices and Research Opportunities in South Korea" on 3rd October 2019 by Dr. Servin Rathi (Research Professor) from Sungkyunkwan University, Suwon, South Korea.

The total approved amount for the event was: Rs. 6000/-

Expenditure for the event is detailed below:

<u>Head</u>	<u>Approved Amount</u>	<u>Expenditure</u>
1. Honorarium of the Speaker (with conveyance):	Rs 5000/-	Rs. 5000/-
2. Refreshment:	Rs 500/-	Rs. 458/-
3. Bouquet:	Rs 500/-	Rs. 400/-
Total	Rs 6000/-	Rs 5858/-

Honorarium of the speaker has been given through BOI cheque no:249081, dated: 30/09/2019. Bills for rest of the amount have been attached for the kind perusal.

Dr. Anju Dhillon

MAHARAJA SURAJMAL INSTITUTE OF TECHNOLOGY

Department of Computer Science Engg. and Electrical & Electronics Engg. of the institute are going to organize International conference on "Artificial Intelligence and its Applications" on 7-8th Feb., 2020. Following initial expenditure is expected to start the conference:

S. No.	Description	Tentative amount
1	Website domain & Easy chair login	10,000/-
2.	Printing and stationary	10,000/-
3.	Publicity, brochure, Banners	15,000/-
4.	Registration kits	15,000/-
	Total amount	50,000/-

A sanction of Rs 4,00,000/- has been taken from the management for the conduct of this conference. You are requested to kindly give approval for an amount of Rs 50,000/- to meet the initial expenditures. Kindly release the ^{bechea} cheque for the same. *in favour of Sunil Gupta.*

ICAIA 2020 will provide an international forum for the presentation of original research findings, as well as exchange and dissemination of innovative, practical development experiences in different fields of Artificial Intelligence. The conference will draw researchers and application developers from wide areas of Artificial Intelligence and associated applications related to almost all branches of Engineering and Technology. With this conference, we encourage the community of multinational researchers to share their common experiences and discussions on the latest innovations, trends, practical concerns and challenges faced in these fields. With this conference, we encourage

CALL FOR PAPER

Proceedings of ICAIA 2020 will be published in the book under the series "Advances in Intelligent Systems and Computing" in Springer Link Digital Library. Some of the selected papers will be published in the journal "EAI Endorsed Transactions on Scalable Information Systems" indexed in Web of Science (ESCI), DOAJ, DBLP, CrossRef, FBSCO Discovery Services, OCLC Discovery Services, EuroPub. Authors are invited to submit original unpublished work that is not currently under consideration for publication elsewhere via the various tracks hosted by ICAIA 2020. ICAIA 2020 tracks:

- Track I: Evolutionary Algorithms
- Track II: Fuzzy based Systems
- Track III: Artificial Neural Networks
- Track IV: Applications

Track I: Evolutionary Algorithms

- Ant Colony Optimization
- Swarm Intelligence
- Genetic Programming
- Learning Classifier Systems
- Particle swarm Optimisation
- Differential evolution
- Feature selection
- Evolutionary Multi objective Optimization
- Numerical Optimization
- Genetic Algorithms
- Evolutionary Programming
- Interactive GAs
- Co-evolutionary algorithms
- Bi-level and multi-level optimization
- Ensemble based genetic algorithms

Track II: Fuzzy based Systems

- Fuzzy Systems
- Fuzzy Pattern Recognition
- Fuzzy optimization and modelling
- Stability of fuzzy systems
- Mathematical foundations of fuzzy systems
- Fuzzy optimization and modelling
- Fuzzy decision and support system
- Fuzzy algorithms
- Fuzzy architectural spatial analysis
- Fuzzy classification
- Fuzzy control system
- Fuzzy electronics
- Fuzzy diagnosis
- Fuzzy techniques for big data
- Fuzzy time series
- Fuzzy image, speech and signal processing
- Fuzzy hardware and architectures
- Fuzzy Systems and the internet
- Fuzzy application recognition and diagnostics

Track III: Artificial Neural Networks

- Information and Optimization
- Object and Face Recognition
- Reinforcement Learning
- Deep Learning
- Deep Learning and Big Data Analytics
- Deep Learning and Cybersecurity
- Deep Learning and Social Networks
- Machine Learning
- Support Vector Machines
- Self-Organizing Maps
- Clustering
- Mining and Exploratory Analysis
- Time Series and Forecasting
- Neuromorphism
- AI and Bioinformatics
- Convolutional Neural Networks

Track IV: Applications

- Big Data processing and applications
- Natural Language Processing
- Cognitive Computing
- Artificial General Intelligence
- Data mining & Information retrieval
- Computer vision & Image processing
- Pattern recognition
- Audio and speech processing
- Computational science applications
- IOT
- Scientific computing applications
- E-commerce applications & Web services
- Cloud computing applications
- Biomedical applications
- Emerging applications in Healthcare
- Smart Cities
- Bioinformatics and life sciences
- Cognitive systems and cognitive modelling
- Economic modelling
- Cyber security
