MAHARAJA SURAJMAL INSTITUTE OF TECHNOLOGY

INDUSTRIAL VISITS (2018-19, 2019-20)

Sr. No.	Name of Industry	Organized by	Date
1.	Saras Dairy , Jaipur	CSE/IT/ECE	22 nd October, 2018
2.	Allain Duhangan Hydroelectric Plant, Manali	CSE/IT/ECE	5 th –9 th October 2019

Saras Dairy, Jaipur (22nd October 2018)

The students of CSE/IT/ECE department were thankful to the Director MSIT, **Prof. K. P. Chaudhary** and Mr. Sandeep Singh, Assistant Professor, ECE department for organising an industrial visit to Saras Dairy, Jaipur.

Industrial visit was carried out at JAIPUR DAIRY on 22nd October , 2018. The main objective behind the visit was to make us aware about how various activities related to marketing, financing and human resource are carried out in company. The project was started on 1975 was located in Jalmal Jaipur and register on 1965 then 6th June 1981 shifted near Ghandinagar Railway Station, Jaipur. This report contains how raw milk are collected and then converted to finished product and the different types of product made by this dairy with their brief production procedure. The dairy set up the automation plant so there is very less requirement of Human Resource and the efficient work.

Allain Duhangan Hydroelectric Plant, Manali(5th-9th October 2019)

The students of CSE/IT/ECE department were thankful to the Director MSIT, **Prof. K. P. Chaudhary** and Mr. Sandeep Singh, Assistant Professor, ECE department for organising an industrial visit to Allain Duhangan Hydroelectric Plant, Manali.

We are also very thankful to the authority of Allain Duhangan Hydroelectric Plant who provided us an informative guidance, tour and gave practical knowledge about working at such a major project.

Our main purpose of the visit was to be familiar with the working of the dam- to get to know about the different parts of the dam and how they work in a symphony, at such a huge scale to create vast amounts of electricity. Furthermore, we aimed at getting a practical knowledge of the river path, turbines and storage reservoir. Students will get the idea of the designing of such a dam and its effects on the environment around it. This was a much-needed experience to take the students out of the classrooms and get some industrial experience.
