

Visit Report

8th Smart Cities India expo 2023 Delhi

IEEE PES MSIT Student branch Chapter Dr. Jyoti Jain has organized the Visit to “8th Smart Cities India expo 2023 at Pragati Maidan Delhi” on dated 29-3-2023. Visit has been organized in association with IEEE PES IAS Delhi Chapter & IEEE PELS IES DELHI CHAPTER and EEE department of MSIT.

Smart Cities India expo organized by Exhibitions India Group has developed into the largest trade fair and conference in Asia on the subject. The expo attracts the attention of government leaders, city administrators, public enterprises, urban planners, architects, healthcare experts, social groups, influential individuals and industry experts. The expo also finds interest among representatives and diplomats from several countries, ICT and other tech organizations. Furthermore, the expo is of interest to builders, civil engineers, and representatives from renewable energy, transportation and water industries, and all other disciplines involved in improving city infrastructure, relevant to creating an efficient and sustainable future.

In support of the Indian Government's commitment to boost startups, 100+ startups were present during the expo. The startups will display solutions from the realm of smart cities (ICT), intelligent buildings, cleantech, health tech, smart energy, transportation, water management and more.

Students of MSIT visited the hub of future technologies, innovation and everything that's smart and sustainable. About 34 students visited the EXPO. IEEE = 10 Non IEEE =24

Following Indian Government's departments have supported the EXPO.

- Ministry of Defence
- Ministry of External Affairs
- Ministry of Education
- Ministry of Environment, Forest and Climate Change
- Ministry of Health and Family Welfare
- Ministry Of Heavy Industries
- Ministry of Housing and Urban Affairs
- Ministry of Electronics and Information Technology
- Ministry of Information and Broadcasting
- Ministry of Jal Sakti
- Ministry of Micro, Small and Medium Enterprises
- Ministry of Skill Development and Entrepreneurship
- Ministry of Road Transport and Highways
- Ministry of Science and Technology

The Smart Cities India expo was the perfect integration and combination of modern urbanization and digital transformation leading to a sustainable economy. It was the ideal platform to network with the leading industry leaders from different sectors.
