

# MAHARAJA SURAJMAL INSTITUTE OF TECHNOLOGY

## Department of Information Technology

Duration- 1hour

9th December,2022

The department of Information Technology organized a workshop on “Introduction to Data Analytics” on 9th December 2022 in seminar hall 406. This workshop collaborated with Ducat Technologies, New Delhi, under the guidance of Mr. Rohit Pahwa to provide an introduction of Data Analytics and Machine Learning (ML). He is currently working as ML expert in Ducat. He has more than 9 years of experience. He is veteran Developer and ML Expert at Ducat technologies. He helped students unveil the buzz around the machine learning and AI.

The session began with an overview on the current trends in the job market. It defined the newly attained clarity. Students were initiated in the world of Data Analytics and ML. The seminar also explored the adjacent topics such as Artificial intelligence/ Machine learning and their use in the current and future bond industries. The event concluded with open Q&A serving to the students doubts. After this session, the students walked away with a much heightened awareness of the needs of the Job market.
