NEXT-WAVE WORKSHOP
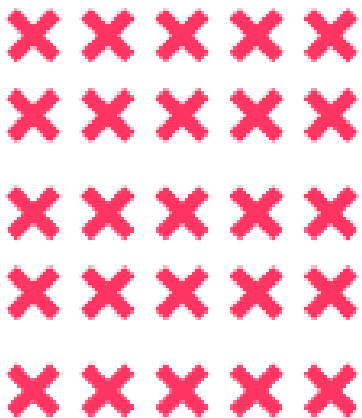

EVENT REPORT
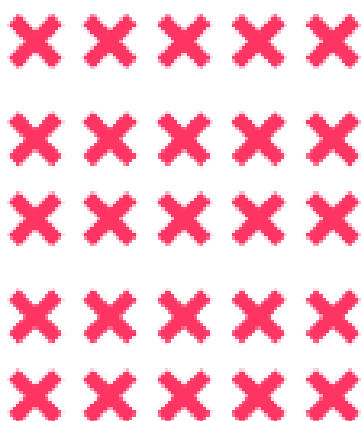

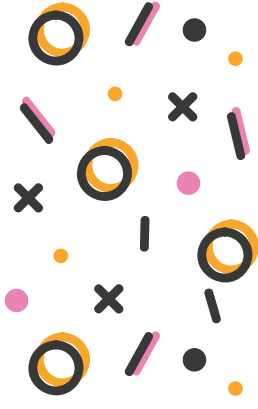

CONTENTS

NextWave, in collaboration with Mr. Trivikrama from IIT Delhi, hosted a transformative Generative AI workshop. This hands-on session provided students with invaluable experience in the diverse realm of Generative AI. Mr. Trivikrama, an expert in the field, shared insights into various kinds of Generative AI, shedding light on its applications and innovations.

Being a hands on practical event, the students built their first ever generative program. Taking their first steps in the enthralling world of AI.

The event instilled enthusiasm amongst students in the ever evolving word of technology.

INTRODUCTION
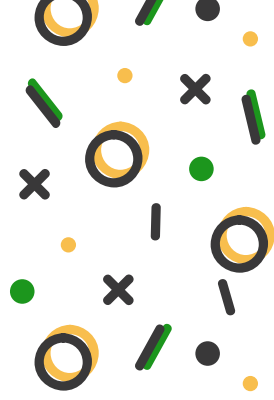

TIMELINE

01. STATS

Date: **25th Nov '23**   Venue: Online
