The Information Technology department organized a webinar on 15th February 2024 from 1:00-2:00 Pm on Microsoft Teams. Mrs. Tarannum Naseem Raza from T.I.M.E. was the speaker of the event. She is a highly qualified and experienced professional in the fields of engineering and management. With over 20 years of experience, she has established herself as a sought-after faculty, particularly known for her proficiency in public speaking. At the start of the webinar the speaker emphasizes on the importance of communication skills. She discusses the impact of effective communication in professional settings, how we can analyze effective communicators as models for improvement and exploration of the correlation between leadership and communication prowess. The main objective of the webinar is to outline diverse communication objectives and their implications.

Techniques such as deep breathing, staying hydrated, and regular practice can help individuals overcome nervousness before speaking engagements, enabling them to deliver presentations with confidence. A well-structured presentation includes a captivating introduction, informative content, and a compelling conclusion. Maintaining eye contact, speaking clearly, and projecting confidence contribute to effective delivery. Dressing appropriately for interviews, group discussions, and presentations demonstrates professionalism and fosters a positive impression among colleagues and stakeholders.
