

A Report on “AMCAT session”

Date: March 5,2024

Venue: Auditorium, Maharaja Surajmal Institute of Technology

The AMCAT Seminar held at Maharaja Surajmal Institute of Technology on March 5, 2024 from 11am to 12 pm, was a resounding success, drawing in both third-year BTech and MBA students for an engaging and informative session. The session was arranged by Dr. Meena Rao, Convener - Placements along with Placement Dept. MSIT. Mr. Jasmeet Singh (Assistant vice president) conducted the session along with Mr. Suraj Minocha. The event aimed to introduce students to the AMCAT test and its significance in the placement process. The session began with an introduction by Mr. Jasmeet Singh, who outlined the importance of AMCAT as a tool for assessing students' employability skills. He emphasized how the test has flourished across various platforms and is widely utilized by companies for recruitment purposes.

The seminar delved into the specifics of the AMCAT test, highlighting its various sections and the skills it assesses. Students were provided with insights into how the test can enhance their chances of securing placements in top companies. One of the key takeaways from the event was the ease of registration for the AMCAT test. Attendees were guided through the registration process, which can be conveniently completed on the AMCAT website. Additionally, the seminar witnessed enthusiastic participation from students, who eagerly engaged in the interactive segments of the session. They posed insightful questions, shared their experiences, and actively contributed to the discussions, making the event a collaborative learning experience for all attendees. This vibrant exchange of ideas further enriched the seminar, fostering a dynamic atmosphere conducive to learning and exploration.

Overall, the seminar proved to be a highly interactive session, with students actively participating and gaining valuable insights into the importance of AMCAT in shaping their career prospects. It provided a platform for students to enhance their understanding of the test and its relevance in the competitive job market.
